

Planned Power Outage

Panhandle and West Union Substations

Monday, March 10th at 10 p.m. - March 11th, 2025 at 6:00 a.m.

American Electric Power (AEP) will have the transmission off to the Panhandle and West Union substations during this planned outage. AEP is upgrading their transmission into these substations which will require some planned outages in 2025. The first outage is planned for the evening of March 10th beginning at 10 p.m. and will end the morning of March 11th at 6:00 a.m. Adams Rural Electric crews will be on standby to restore power once AEP is able to complete their work.
