

**Cooperative seeks those who have funds coming to them.**

In November 2022, Adams Rural Electric Cooperative Inc. paid out capital credits. Checks were issued to current and former members, but many of these checks were returned because of invalid addresses and remain unclaimed.

According to Adams Rural Electric's Code of Regulations, if capital credit checks remain unclaimed within two years of the date of issuance, the unclaimed funds are reallocated to active members' patronage accounts. The two-year period since the checks were issued has expired. The code requires that after the expiration of the two-year period, the names be published twice in a newspaper circulated in the service area of the cooperative.

These consumers have sixty days after the publication of the second notice to claim funds; by **February 13, 2025.**

If you are one of the persons listed, please call Adams Rural Electric at 937-544-2305. **You will be required to verify your identity before information is given.** If you know any of those listed, **please have them to contact the office.**
