

Payment Assistance

If you are struggling to find funds to cover your electric bill, please get in touch with our office at 937-544-2305 and speak to one of our Member Services Representatives. Adams Rural Electric offers payment extensions upon the member's request and payment arrangements.

Outside of our office, there are many local organizations that can assist with utility bills. Adams Rural Electric does not set the guidelines for these agencies. It is the members responsibility to contact the agency for their specific guidelines.
